

Love Divine Family Worship Center Ministries

***Administrative Team
Directory***

The Love Divine Family Worship Center's Administrative Team works hard to implement the vision and mission of the Church, and to strengthen families. We seek to meet the spiritual needs of the entire family.

Along with its core ministry services, various supportive and supplemental supports are provided to its members and to the community.

If there are needs of which you believe the ministry can offer directions or support, please feel free to contact any member of our Administrative Team for guidance and direction.
